Clue 2

Today we are going to make some three colour hourglass units. We will be using all our fabrics today. Watch the cutting instructions carefully, we cut twice as many DARK as we do MEDIUM and LIGHT.

So let's get to it!

	Lap	Twin	Queen	King
DARK 5-1/4" strips	3	4	6	7
-cut to 5-1/4" squares	18	28	42	56
MEDIUM 5-1/4" strips	2	2	3	4
-cut to 5-1/4" squares	9	14	21	28
LIGHT 5-1/4" strips	2	2	3	4
-cut to 5-1/4" squares	9	14	21	28
Total HG units	36	56	84	112

We will be using the draw a diagonal line method (draw, sew, cut, press, repeat) to complete the units today. First, take your LIGHT and MEDIUM square and draw a diagonal line on the back of each square. Then mate each of these with a DARK square. We will sew 1/4" from both sides of that line and cut on the line.

You will have what look like HST now. A two colour square made from two triangles. Press these toward the DARK each time.

Take these HST and mate them LIGHT/DARK with MEDIUM/DARK (darks opposite), draw another diagonal line and repeat. (We will sew 1/4" from both sides of that line and cut on the line.)

To the left is the process and colour layout of the hourglass. Make sure your DARKS are opposite each other for the final unit. This unit should measure 4-1/2" today. I now it is hard to see my MEDIUM, it is a dark medium and looks almost like the black in the pics, I promise it is stunning in true life!!

Today's unit:

That's all for today! Let's see your units!
