

Spring Fling Table Runner

By Debi Montgomery

Fabric Requirements

I'm pretty excited with this runner (or wall hanging!!). We in New Zealand (and Australia) are going into winter soon, so this will remind us of the lovely summer we've just had. For others who are just going into spring and Easter time....a beautiful addition to the spring decor!

You will need three fabrics for this project. I would love to tell you a clue about one or two of the colours....

We have some leaves, so please leave the green as green. There! I did it, I gave you a clue! That's it for now!!

You need:

28" x 52"	
<i>Green</i>	<i>1/2 yard</i>
<i>Pop Colour</i>	<i>1 yard</i>
<i>Background</i>	<i>1 yard</i>

For your pop colour, you can choose ANY colour you want. It can be a print, tone on tone, solid, scrappy, seriously have fun with it!

Each colour touches the others, so they all need to play nicely together!! ALSO, you can make the units half size and make your runner about half the above size depending on your border choices.

Here are my choices:
