*Fabric Requirements*

*This is a quick easy project to use up some scraps and or pre-cuts you have around. You can use anything from charms to yardage. This is dedicated to YOU! You make designing for you SO MUCH FUN. I just want you to know how much you're appreciated.*

*Now, it's really hard to tell you how much fabric you will need. YOU get to design you own table runner (wall hanging, bed runner.....) I am going to give you the tools to do that, you come up with your own layout. I made mine a long 12" (give or take) wide runner to fit the leaf on my table.*

*I used over a dozen different oranges, greens, browns, reds etc. Just have fun pulling your own colour palette. Your total yardage should start about 3 yards... I know that is WAY too much as I gave an 1/8 yard for each scrap (12 colours). ANYTHING GOES!! I would have AT LEAST 3/4 yard of your chosen background that will bring it all together. It's your choice, but I would keep the background uniform throughout.*

*So your chart looks something like this:*

<i>AT LEAST</i>	
<i>Background fabric - tone on tone or small print.....your choice of colour</i>	<i>3/4 yard</i>
<i>Autumn scraps 2" and above</i>	<i>2-1/2 to 3 yards</i>
<i>Largest piece 4" wide</i>	<i>I would have at least 12" of each piece</i>

*I am not adding a picture..... I want you to not be swayed by my choices. I will tell you, think autumn turning leaves and pumpkins. Pull colours like greens, oranges, reds, even yellows, browns, and purples.*

*I cannot wait to see what you've picked for this QUICK easy project!!*
