

*Blustery Buddies*

*Cutting fixes:*

*For BACKGROUND (blue)*

*“Cut 1 strip at 2.5 inches”*

*You need 20 squares, so you will have to use scraps OR cut 2 strips here.*

*I got about 26-27 wedges out of a 3” strip.*

*For the LIGHT: (white)*

*Light is spelt incorrectly AND,*

*You need 4 pieces a 5.5” x 5.5” (NOT 1)*

*I didn't write or design the penguins, I am doing the borders. Coleen (one of our members and owner of OBW...) did them. I am testing the penguins for her. So let me know how these read. It is the first time she's written directions.*

*If you think it needs to be in a chart, I can easily convert it.*
