New Years Day 2024
© Debi Montgomery
Fabric Requirements*

This is a design you will love as many of you have asked for something similar in the past. This is VERY easy and I am 100% certain you can complete it in ONE day! We will do all our cutting in advance and stitch away on New Years Day for an amazing mystery!

We need four fabrics for this design. I am choosing all bright happy colours as NYD for me means summer is here and everything is fresh and beautiful! As long as your four fabrics have heaps of contrast, you will be fantastic... Fabric 1 is the one I would say is your background and needs to play nicely with the other three. Fabric 2 will set the tone for your design and show off the secondary designs. This one needs to play well with everything, but must have CONTRAST! Fabrics 3 and 4 need to compliment and contrast fabrics 1 and 2. These could be four completely different fabrics and work really well. I would NOT chose a monochrome palette, but that's just me. If you choose monochrome, please make sure you have CONTRAST. We have NO special tools, y-seams, or curves. This is sew easy!

I am offering three sizes for this design: 9" blocks for at least a 45" centre, 12" blocks for at least a 60" centre, and 15" blocks for at least a 75" centre. I will add a pieced border for mine and a solid border to complete it larger. These requirements INCLUDE all the borders, you may need to add about 1 yard to something for your binding.

	9" blocks	12" blocks	15" blocks
FABRIC 1	2 yards	3-1/4 yards	5 yards
FABRIC 2	2 yards	3 yards	3-1/2 yards
FABRIC 3	3/4 yard	1 yard	1-1/4 yards
FABRIC 4	3/4 yard	3/4 yard	1 yard

Here are my choices:

Jumping right outside my box!

I may swap 3 and 4... we will see...

Pic doesn't do the pinks/purples justice.

*Special tools:
Tri-Recs Tool (optional)*
