Clue 2

We will cut more triangles to use later, hopefully you have enough leftovers from clue 1 to cut these from scraps, but if not please cut new WOF strips. We will also cut and assemble Block B units. We need fourteen (14) of these, so we will stop there.

These blocks are easy to assemble, we have fourteen (14) of them so we will finish with this clue once these are assembled. We are making a square in a square with our LIGHT and FOCUS on opposite sides of the MEDIUM square.

I finger-pressed the centres of the squares and triangles. I mated these "points" to keep my square in a square from going wonky.

Complete, our blocks should measure 9-1/2", 10-1/2", or 12-1/2" and be pressed away from the square in the centre. We will have FOURTEEN (14) of these beauties now.
